PROTOTYPE MAILBOXES

The Silver Springs Board has discussed the state of our mailboxes for years. Our members have expressed many opinions and preferences. The Board sent out a survey and received a large percentage of responses. The main comments were that the mailboxes needed to be inexpensive, easy to replace, of conforming style, and approved by the Board and members.

It appears that the members have decided to use this simple but attractive post and cross-member style mailbox, set in cement. The Board has decided to accept this style as our prototype. If you want or need to replace your mailbox this style will be accepted. If you want a different style please have it approved by the ARC Committee, call Dave Coehlo at 655-2702.

THANK YOU FOR YOUR INPUT.

Our HOA has one of the neatest websites in the world. Okay maybe in our area. But we can't help feeling enthusiastic about all the great information, maps, photos, and neighborhood history available at:

★ Have you noticed how many dog walkers are now getting caught "Holding the Bag" and how much nicer it is to not step or smell droppings when you and your children are out for a stroll or bike ride. What great neighbors we have in Silver Springs! Be sure to give them a thumbs UP when you see "the bag." Keep UP the great job, everyone loves it.

[Pick UP after your dog\(s\)](#) in our parks, when walking them past neighbors yards, and on our trails. DOO IT !
