

Silver Springs Masters had been actively working on accepting the ponds from Silver Springs Water Company in 2000, and then from Mountain Regional until 2004. The Masters had a new President Anthony Sands in 2004, he required all Home Owners Associations to sign a lake agreement before he signed the official document. I went to each member and I got a signature from every association.

"I, Robyn Bailey, do swear and affirm by this affidavit that between May 2004 - June 2004, while acting in the official capacity as Secretary/Manager of the Silver Springs Master Homeowners Association, obtain the signatures of the below listed individuals who were acting as the official representative of their respective Home Owner's Association, approving acquisition by the Master Association of the "lakes" properties from Mountain Regional Water Special Service District, Summit County, Utah, for the recreational use of Master Association members.
